

5 Easy Ways to Make Money on Amazon

Hey everybody!

My name's Theo McArthur...

I've been making a living on Amazon since 2013 and really enjoy helping others to do the same.

You can find out a bit more about me by visiting my blog at <http://theomcarthur.com>

Amazon has 300 million registered customers. It's twice as big as Ebay when it comes to sheer volume of sales.

Let's look at a few of the perks on offer when we tap into Amazon as a way to make money:

- You don't need a website
- You don't need to find customers
- You don't need to process payments
- Amazon pays you fast!

There are many more benefits, but these four perks alone means that Amazon is a very 'beginner friendly' place to earn an income.

You don't need any experience or any technical skills (phew!)

Alright, so let's dive in and look at 5 ways that you can make money by using Amazon

Toys

You can sell toys on Amazon at any time of the year except over the Christmas period when only approved sellers are allowed to sell toys. So any other time of the year is fine.

When it comes to toys, the best way is to look for items that are on sale/discounted in offline stores. Sometimes when a toy is not quite so popular anymore, the stores sell them off at a discount.

However, they will still sell on Amazon because when it comes to toys, there are ALWAYS people looking for a particular toy and many Amazon shoppers don't want to go out searching the stores. They like the convenience of shopping Amazon.

Disposable Stuff

By this I mean stuff that everyone buys, uses, throws away and buys again.

Examples:

Trash bags, cleaning cloths, wipes, tissues, food bags, doggy poop bags...

The best way to sell these types of items on Amazon, is to bundle several packs together. So you could bundle 5 packs of trash bags together, or even bundle packs of large trash bags and kitchen trash bags together.

These kinds of items are great to sell because Amazon shoppers will often buy the exact same items over and over again. So you can get lots of repeat sales from the same customers!

Disposable Polypropylene Shoe Covers, L, 100-Pack DSC100 Blue

Trade in Your Electronics

Do you have a laptop, camera, phone, mp3 player or any other kind of electronic that you no longer use or need?

If so, Amazon will take them off your hands and in exchange they will give you Amazon Gift Cards. Now I know this is not cash, but you can use those gift cards to purchase others items from Amazon. And since Amazon now sells virtually everything, a gift card is almost as good as cash!

Three easy steps to **amazon**trade-in

- Trade in**
1 Select items and get an instant quote
- Ship it**
2 Ship it for free
- \$20 a**
3 Get paid with a Gift Card

AliExpress

AliExpress is a part of Alibaba, which if you have not heard of it, is the biggest online supplier of wholesale and direct from manufacturer products in the world.

The great thing about AliExpress, is that you can buy just one item at a time if you want to. You can also see the feedback rating of the suppliers and choose to only buy from a supplier with lots of 5 star feedback comments. AliExpress is 100% safe and secure and you can **find some awesome deals to sell on Amazon for a good profit.**

A lot of the items are sent to you from China, but if you're not in a hurry you can select to have your stuff sent by China Post, which is free, but can take as long as 2-3 months to arrive! Although it says 30-45 days on the website, in reality it often takes longer, so always allow 3 months.

However, if you decide to buy several units of a particular item, you might think it's worthwhile to pay a few dollars for shipping and get them shipped to you via one of the express carriers. Normally that only takes about 5 days or so

Also on the AliExpress website, you will find suppliers who keep stock in the United States. So if the item you want has the option of shipping from the US, you are in luck!

Welcome to AliExpress

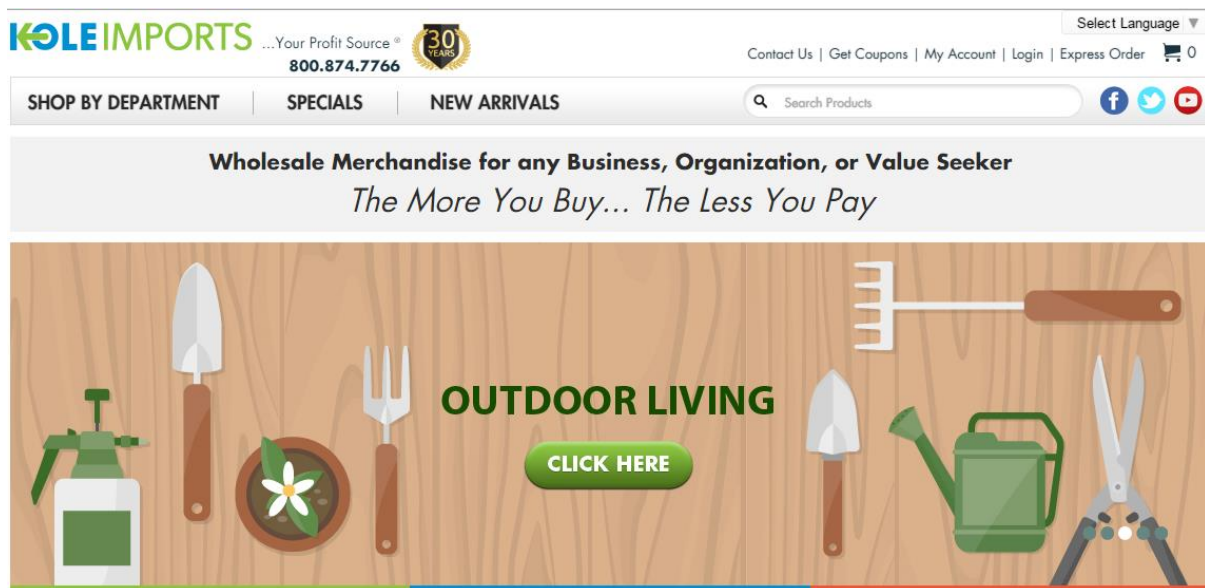

Here are some quick guides and top tips for an easy, enjoyable shopping experience

Kole Imports

Buy a few cheap items wholesale and sell them on Amazon for profit using this US based wholesale supplier.

This is a really handy little supplier because they allow you to buy a tiny quantity of units. As little as 2 or 3 units at a time. They have around 3000 different products that you can buy and resell on Amazon. They also ship worldwide, so even if you don't reside in the US, you can still buy wholesale from Kole Imports.

You won't find nearly as big a selection here as you will on AliExpress, but it's still a quick and easy way to get a few items to sell at profit.

Here are a few facts about selling on Amazon:

1. The number of sellers who generate a least a million a year in sales, increased by over 30% in 2014 when compared to 2013
2. Amazon will take care of all your orders on your behalf. They will pack them, ship them to the customers, and even deal with any returns.
3. Amazon processes all payments for your orders and then pays YOU bi-weekly. In fact you can even click a button to request your cash within 24 hours!
4. Selling on Amazon means that you have a ready-made customer base to tap into. 244 million of them!
5. Profit margins on Amazon can be as high as 60-70%.

Has this short report inspired you?

I hope so because there is no simpler way for the average person to make a living from home. Whatever you decide to do, I wish you all the best!

Theo McArthur
